

CEOS is GEO's "space arm" coordinating the provision of space data to the Global Earth Observation System of Systems

WGISS (The Working Group on Information Systems and Services) is a subsidiary body supporting CEOS.

How should the UK Earth Observation AI and Machine Learning Community engage ?

- UK network /mailing list for UK AI and Machine Learning
- Participation in the Technology Exploration Interest Group
- Project Presentations at CEOS WGISS meetings
- Contribution to CEOS projects
- Local discussion of infrastructure or Data needs

CEOS Committee on Earth Observation Satellites
